EVE THREE SHOT PREMIUM

Class② OTC drug

[Antipyretic-Analgesic Medication]

- **EVE THREE SHOT PREMIUM** is a drug product designed to work effectively on headaches, menstrual pain, and shoulder stiffness pain.
- <<Product Features>>
- This medication contains the two analgesic agents of ibuprofen and acetaminophen as double active ingredients.
 - The quick-action tablet formulation with the original technology that has realized rapid dissolution of ibuprofen was adopted for this medication.
 - This medication contains magnesium oxide (a gastric mucosal protective agent) that protects the stomach but does not contain any ingredient that causes drowsiness.
